

## Service certificate

|  |   |
|--|---|
| <b>ServiceID</b>                                   | <b>SRV01007</b>   |
| <b>Service area</b>                                | <b>Connectivity Services</b>  |
| <b>Service name</b>                                | <b>NetConnect</b>   |
| Summary  | Point-to-multipoint standard fixed connection   |
| Service level in accordance with SLA documentation | Standard (10x5x8)<br>Premium (24x7x8)   |
| Annual availability                                | 99.5%   |
| Scope of services                                  | <ul style="list-style-type: none"> <li>• Provision of a point-to-multipoint standard fixed connection at the two agreed handover points with digital interfaces and a fixed, maximal transmission bandwidth</li> <li>• Coordination of the digital interface by chosen bandwidth according to the PFALZKOM standard</li> <li>• VLAN-transparent line</li> </ul>   |
| Service parameters                                 | <ul style="list-style-type: none"> <li>• Data transmission speed</li> <li>• VLAN-transparent line</li> <li>• Packet loss &lt; 0.05%</li> </ul>  |
| Optional services                                  | <ul style="list-style-type: none"> <li>• Bandwidth changes</li> <li>• Conceptual consulting services</li> <li>• MACsec transparency (IEEE 802. 1AE)</li> </ul>  |
| Framework conditions                               | <ul style="list-style-type: none"> <li>• Area of maximal package size (MTU) 1,500 – 9,000 bytes</li> <li>• Changes to fibreglass cables and customer-premises equipment are forbidden since laser radiation may cause damage to health.</li> <li>• The charged data rate constitutes a maximal value; the data throughput is dependent on package size.</li> <li>• PFALZKOM reserves the right to obtain the access lines for the connection from third parties if necessary. This may influence the performance parameters.</li> </ul> |
| Customer's contribution obligations                | <ul style="list-style-type: none"> <li>• Provision of the dust-free and dry site of setup and power supply</li> <li>• The customer must not make any changes to the customer-premises equipment or have such changes made.</li> </ul>   |
| Delivery time                                      | Best effort, timeframe in accordance with project planning  |
